Parents Circular

2025-2026/153

General Notice: November and December

Dear Parents/Guardians,

As we approach the third month of the school year, please note the following matters:

1. Switching to the Winter School Uniform

Our school plans to fully switch to winter school uniforms starting from 2 December (Tuesday). From 17 November (Wednesday) to 28 November (Friday), there will be a transition period for the switch to winter school uniforms. Students may wear either the winter school uniform or the summer school uniform to school, depending on the weather and their personal needs.

The current new winter school uniform consists of a dark blue, long-sleeved four-season suit with flap pockets at the front waist. For boys, there are back slits at both sides, while for girls, there is a centre slit at the back. The school emblem is attached to the left lapel. The old winter school jacket is a windproof outer jacket with a brushed long-sleeved lining. The school jacket is an essential part of the school uniform, and students are required to wear the entire set of school uniforms neatly to meet the school's requirements.

When the Hong Kong Observatory issues a Cold Weather Warning or when the minimum temperature is 12°C or below, students are permitted to wear insulated coats or down jackets in pure black or dark blue. No other colors are allowed. The color must be black or dark blue, and other colors will not be accepted.

If students fail to comply with the school's uniform regulations when returning to school, they may be required by the school to go home and change into a uniform that meets the school's requirements. All students must switch to the new school uniform by the 2025-2026 academic year.

2. Joint School Teacher Professional Development Day

5 December (Friday) will be the Joint School Teacher Professional Development Day. Students do not need to attend classes. Please refer to the school calendar.
