Parent Notice 2024-2025/123

Regarding the 2025 School Recommendation Multi-Talented Direct Admission Scheme at Hong Kong Heng Seng University

Dear Parents,

Hong Kong Heng Seng University has announced details regarding the 2025 School Recommendation Multi-Talented Direct Admission Scheme. For further information about the scheme, please visit the following link: <https://admission.hsu.edu.hk/zh/srdas-for-talented-students-2/>

The School Recommendation Multi-Talented Direct Admission Scheme (the "Scheme") aims to recognize students for their excellence in academic and/or non-academic areas, contributions to community service, or leadership abilities, and to provide them with direct admission opportunities. Recommended students may be directly admitted to our university through this scheme, independent of their Hong Kong Diploma of Secondary Education (HKDSE) results.

Recommended students must first submit their admission applications through the online application system of Hong Kong Heng Seng University or via the Electronic Advance Application Platform (E-APP) for post-secondary programs after December 5, and complete the entire application process to participate in this scheme.

Students must meet the following criteria to participate in this scheme:

- Must be local students with Hong Kong residency;
- Applicants for the Heng Seng NMTSS programs;
- Current students participating in public examinations, such as HKDSE, IB, GCE A-Level, etc.;
- Outstanding academic performance; and/or
- Exceptional performance in non-academic fields (e.g., sports, music, arts, etc.); or
- Possessing good leadership skills (e.g., head student, student council president, etc.); or
- Enthusiastic participation in community service activities.

Each recommended student may choose to participate in one of the NMTSS programs they have applied for. For details about the NMTSS programs, please visit the following link:

<https://admission.hsu.edu.hk/zh/by-schools2/>

Please consider carefully whether you meet the requirements for your desired subject. As each school has a limited quota of five recommendations, all applications must go through school selection. If your child wishes to participate in this scheme, please complete the application process and submit the required documents to Mr. Cheung Chun-leung of the Career Planning Team by December 19 or before.
